

Meet the Teacher

THE BASICS:

Hi! My Name is Mrs. Sydney Hebert. I live in Baton Rouge with my husband, Wes, and my three kids Vera (14) Wesley (10), and Adrian (3). I came to BRCVPA in 2015 as the Academic Dean, and took over as Magnet Site Coordinator after Mrs. Miller retired in 2017. I think I have the BEST job at BRCVPA! I get to support teachers, plan fun events, work with our amazing students, tell people about our school, and help Dr. Moore. This will be my 9th year at BRCVPA. I can't wait to see familiar faces, meet the new ones, and experience another year with our families, faculty, and students. BRCVPA is truly the happiest school on Earth!

MY CHILDHOOD:

I grew up in Donaldsonville, Louisiana and attended Ascension Catholic School all the way from Kindergarten through 12th Grade. I was the only girl right in the middle of 4 boys. I loved playing outside, riding bikes, dance team, and keeping up with my brothers, who used to beat me at everything!

EDUCATION:

In December of 2004, I graduated LSU with a degree in English. I taught 4th and 5th Grade Math and Science and loved it! I did not like math as a kid; it took having to teach it to really appreciate how cool it actually is! I completed my Master's Degree in Educational Leadership in 2018.
