

# Meet the Teacher

6

## The Basics:

Hey there! I am Ms. Jenkins! I have taught for 6 years, but this is my first year at BRCVPA as a new 3rd grade math and science teacher! I am extremely excited for my new journey and I look forward to an amazing school year. I am a very active person. When I am not at school, I enjoy working out and staying fit. If my knee allows, I do play basketball as well. Although I am a young teacher, I am what you call a jack of all trades! From graphic arts, building and redesigning websites, photography, custom apparel, and ALL THINGS TECHNOLOGY; I do it all! I am always looking for new and innovative ways to get the students excited about their education!!

## My Childhood

I was born and raised in Ruston, Louisiana. I am the middle child of 7 kids. I was raised by my grandmother and aunt and SPOILED beyond understanding lol!! I went to a private high school and lettered in two sports (basketball and track).

## Education

May 12, 2018, I graduated from Southeastern Louisiana University with my bachelor's degree in Elementary Education. Sept 1, 2020, I graduated from LSU-Shreveport with my Master's in Technology Leadership. Currently, I am pursuing my certification in Cyber Security
