

Meet the Teacher

THE BASICS:

Hello! My Name is Ms. Monique Taylor. I am a native of Baton Rouge and I have a daughter, Camille whose in 1st Grade. I worked as a 3rd Grade Paraprofessional for BRCVPA for two years. Being a part of the BRCVPA Family has been so rewarding for me and I am excited going into my first year as a full-time teacher! I think my favorite part about my job is getting so many hugs everyday, (even if they are unwanted) it shows just how much of an impact I create! I am grateful to play such a fundamental role in the development of our youth and future leaders. I am eager to see where this journey takes me and excited to meet and greet so many beautiful faces this year!

MY CHILDHOOD:

I grew up in Franklinton, Louisiana before moving to Baton Rouge so I'm a mixture of a city and country girl! I was taught how to peel field peas, shuck corn, pick berries and started fishing and crabbing at a young age. I am the oldest daughter, granddaughter, and niece on both sides of my family so I have always had motherly instinct in me! I graduated from Mentorship STEAM Academy, as part of the first graduating class.

EDUCATION:

In May of 2024, I graduated from Southeastern Louisiana University with a degree in General Studies in Arts and Humanities. Before, I spent two years as an AmeriCorps member where I completed over 3,400 hours of national service in the Greater EBR area. Advising and mentoring children has always been a passion of mine; I have now decided to stop running from my calling, which is... teaching!
